This Redwood Ranch is an open floorplan with 1014sqft on the main and an unfinished basement. The main living area delivers a bright, open layout with a vaulted living room flowing into a sleek galley kitchen and dining space with sliders to the deck. Vinyl plank flooring runs throughout the living room and hallway for a clean, modern look. The kitchen features a generous island and a handy pantry. The main floor also includes a secondary bedroom and a private master suite with a tray ceiling, walk-in closet, and a ¾ bath with a tiled walk-in shower. Laundry is conveniently located off the garage with a coat closet for easy drop-off. The basement offers great potential with space for a large family room, two more bedrooms, and a full bathroom—perfect for future expansion. The garage is insulated and finished to firewall.
